# Castle Bromwich Singers

The object of the Singers is to encourage the development of individual talents, to promote the enjoyment of popular music and to raise funds for charity. Here we are presenting a cheque for

£2,500.00 to last year's charity Solihull Life Opportunities (SoLO). We thank all of you, our audiences, for your support.

## A note from the producer.....

Being producer of Castle Bromwich Singers this year has been a gratifying new experience. It began with producing the show at St. Wilfrid's Roman Catholic Church where our repertoire had to be sympathetic to the holy surroundings. Besides singing as Castle Bromwich Singers we also rehearsed and sang with two other choirs, St. Wilfrid's Church choir and St. Wilfrid's School children. This was good fun and the feedback we received gave new meaning to acclamation and praise. Father Johnny Moore was delighted with the show and our fundraising.

In order to put on the show tonight, I would like to thank all the Singers, the production team, musicians, the stage management team, the lighting and sound team, the wardrobe team, the kitchen team the front of house team, IT helpers and I mustn't forget the chairman!

Have a good night, everyone.  
Helen Kemp

Castle Bromwich Singers wish to acknowledge with grateful thanks all the help given by members, family and friends over the years.

Heart Research UK has been helping hearts since 1967 and has made major breakthroughs in heart surgery that has saved countless lives. Our first regional office opened in the Midlands in 2007. We raise funds for the local community and for medical research in the Midlands. One of our current projects is our 'Helping Little Hearts' Appeal. At present Adults get full rehabilitation packages, children do not. Our appeal is going to change this. We will be funding the first ever children's rehabilitation in the Midlands. We will provide advice and exercise prescriptions for youngsters after heart surgery to help keep their mended hearts healthy, with a pilot project taking place in Birmingham. For further details on how you can support us then please visit <http://heartresearch.org.uk/>.
